**Subject:** Alon - status of UIC application

I recall this question came up during the Class II to Class I meeting and I needed to check the files in the office before I could confirm.

We issued an NOD for the UIC application (application is dated 1/2011). Our NOD is dated Nov 2014. From my recollection they decided to focus on the AE first before responding to the rest of our comments. They submitted an AE package in 9/15, but they have not submitted a definitive response to all the remaining NOD items. We provided comments on the AE package in 11/15 and 12/15. We forwarded water board comments via email in 1/16.
